Gentlemen:

We are enclosing contract offer with revised prices, which we believe will be about in line with other reliable growers and also as low as good reliable stocks can be produced and allow the grower a small profit.

We have placed a fair acreage, and the prices quoted are for good sized quantities of the different varieties. If, however, our orders should run larger than we have anticipated we can still increase some of our acreage, but shall be obliged to receive your order without delay.

For large quantities of the different varieties of Sweet and Field Corn, also large quantities of Vine Seed, we will be pleased to make extra special prices on receipt of a memorandum of your requirements. We will also be pleased to name flat prices for the Field and Flint Corn if preferred.

Trusting you will send us your contract order in the near future or a memorandum of your requirements, which we will give our prompt and careful attention, we remain

Yours truly, .
